

- GENERAL ARCHITECTURAL NOTES:
1. The drawing is the property of the Architect and may not be reproduced or used for any other project without the written consent of the Architect.
  2. The Architect is not responsible for checking and verifying all levels and elevations and shall retain all discrepancies to the Architect and shall remain liable for any errors or omissions.
  3. Supplemental information regarding the level of the Contract Documents.
  4. The Architectural drawings are to be used in conjunction with all other Contract Documents including Specifications and the Schedule of Work and the General Conditions.
  5. Portions of proposed or finished floor/ceiling or finished walls, steps and stairs and mechanical and electrical items shall be shown on the drawings. Mechanical and Electrical items not clearly indicated will be treated as dictated by the Architect. Measurements are not to be used for construction unless specifically noted for each portion.
