SITE SERVICES FOR NEW DEVELOPMENT
OUR PROJECT NO. 2018-781**

Dear Madame:

We have designed the site lighting for the new residential mixed use, located at 1531 Main Street, Stittsville, in accordance with the following guidelines as requested by the City of Ottawa:

1. It must be designed using only fixtures that meet the criteria for Full Cut-Off (Sharp cut-off) Classification, as recognized by the Illuminating Engineering Society of North America (IESNA or IES), and;
2. It must result in minimal light spillage onto adjacent properties. As a guideline, 0.5 fc is normally the maximum allowable spillage.

Yours very truly,
