RE: TREE DISCLOSURE REPORT – 27 O’MEARA STREET

Dear Olivia,

Further to your request, this brief letter report provides a review of the above noted address in terms of tree disclosure information. I can confirm the property holds no trees over 50cm in diameter, nor are there any similar sized trees on adjacent private property. Further, no trees are present on nearby city-owned land. Consequently, there are no relevant trees to disclose.

Picture 1 on page 2 of this report shows current site conditions in relation to trees.

Please do not hesitate to contact me with any questions or comments concerning this report.

Yours,

Andrew Boyd
