---

Further to your request and authorization, Paterson Group (Paterson) prepared the current memorandum to provide the geotechnical design summary details for the proposed commercial development. The following memorandum should be read in conjunction with Paterson Report PG2950-1 Revision 1 dated March 3, 2014.

### **Grading Plan Review**

Paterson reviewed the following grading plan prepared by Stantec for the aforementioned commercial development:

- ☐ Grading Plan - Sheet No. GP-1 - Project 160401317 - Revision 1 dated November 18, 2019

Based on the grading plans provided, the proposed grading for all buildings are considered acceptable and in compliance with our permissible grade raise recommendations. Therefore, no lightweight fill is required.

We trust that the current submission meets your immediate requirements.

Best Regards,
