RE: Application No.: D07-12-20-0064 - 2234 River Road

To Whom This May Concern,

We require this building permit to build our machine shed to house our 3 trucks, 2 cars, 2 ATV's, dirt bike, 2 tractors (including snowblower attachment), lawn mower, camper, jet skis, pontoon boat and tools, etc. Our last 2 properties had machine sheds where we could safely and neatly store our things. We require proper storage so that our things aren't exposed to the elements, theft, etc. We also simply don't want our things just lying around the property for all to see.

We appreciate all efforts to help us accomplish this goal and hope to start construction by June 15th, 2020

Sincerely,

Tom and Emily Kelly
