 DIGITAL MAPPING.

ELEVATION NOTES
 1. Elevations shown are referred to geoidetic datum.
 2. It is the responsibility of the user of this information to verify that the job benchmark
 has not been altered or disturbed and that its relative elevation and description
 agrees with the information shown on this drawing.

UTILITY NOTES
 1. This drawing cannot be accepted as acknowledging all of the utilities and it will
 be the responsibility of the user to contact the respective utility authorities for
 confirmation.
 2. Only visible surface utilities were located.
 3. A field location of underground plant by the pertinent utility authority is
 mandatory before any work involving breaking ground, probing, excavating etc.
