Ottawa, ON  
K2P 2H7

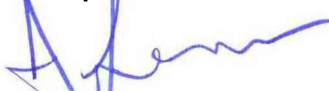

**RE: Technical Circulation Comments – Structural Response**  
**3831 Cambrian Rd, Ottawa, ON**

---

Please accept this letter as confirmation that the structural design for the proposed retail and mixed-use buildings A, B and C will be designed to withstand the stormwater storage on the roof.

We trust that the above information is sufficient at this time. Should you require any additional information, please do not hesitate to contact me accordingly.
