2 NEW 7-STOREY APARTMENT BUILDINGS & 1 NEW 4-STOREY
APARTEMENT BUILDING
OUR PROJECT NO. 2020-297**

Dear Madame:

We have designed the site lighting for the new two (2) 7-storey buildings, and one (1) new 4-storey apartment building, located at 715 Mikinak Road, Ottawa, Ontario in accordance with the following guidelines as requested by the City of Ottawa:

1. It must be designed using only fixtures that meet the criteria for Full Cut-Off (Sharp cut-off) Classification, as recognized by the Illuminating Engineering Society of North America (IESNA or IES), and;
2. It must result in minimal light spillage onto adjacent properties. As a guideline, 0.5 fc is normally the maximum allowable spillage.

Yours very truly,
