Hi Doug and Brian,
Here is the Study & Plan Identification from the RFP.
We had various reports removed after our initial Pre-Consult i.e. TIA, Noise, etc.
Some of the items on the original Pre-Consult are not applicable.

The **Archaeological Resource Assessment**, has reached Stage 3.
We are allowed to use the Novatech / Patterson / Matrix Heritage study approvals.
Novatech are awaiting Final Stage 4 for the Farm however we are outside the zone.

Novatech are aware of the status and work for CU Developments.
I will ask Lisa if a letter is required to document the status.

Do you have notes from the pre-consultation meeting? I have some rough notes but would like to get all notes incorporated into one document.

Thanks
