GWAL PROJECT NO. 2024-682**

We have designed the site lighting for the new 1-storey elementary school, located at 620 Triangle Street, in accordance with the following guidelines as requested by the City of Ottawa:

It must be designed using only fixtures that meet the criteria for Full Cut-Off (Sharp cut-off) Classification, as recognized by the Illuminating Engineering Society of North America (IESNA or IES), and;

It must result in minimal light spillage onto adjacent properties. As a guideline, 0.5 fc is normally the maximum allowable spillage.

Yours very truly,
