

A. McEach

Architectural elevation drawing of the rear facade of a building. The drawing is divided into five vertical sections by dashed lines, labeled 1 through 5 from right to left. The building features a grid of windows and doors. Annotations include:

- APPROX. MECHANICAL PERITHOUSE LOCATION** (pointing to a shaded area at the top).
- EXISTING PARAPET CAP (BLACK)-TYP.** (pointing to the top edge of the building).
- EXISTING SPANDREL PANELS (BLACK)-TYP.** (pointing to the horizontal panels between window rows).
- EXISTING CLEAR GLASS** (pointing to the glass panels in the windows).
- GLASS TO BE REPLACED WITH CLIMATE-CONTROLLED GLASS** (pointing to a specific window panel).
- EXISTING BRONZE FINISH-TYP.** (pointing to the window frames).
- EXISTING BRONZE FINISH-TYP.** (pointing to the door frames).
- EXISTING OPAQUE PANEL** (pointing to a panel at the bottom right).
- EXISTING DOOR** (pointing to a door at the bottom right).
- EXISTING REAR DOOR (GLASS AND ALUMINUM)** (pointing to a door at the bottom left).
- EXISTING DOOR (STEEL)** (pointing to a door at the bottom right).

Dimensions are provided for various sections, including window heights (e.g., 10'-0" (3048mm), 10'-0" (3048mm), 10'-0" (3048mm), 10'-0" (3048mm), 10'-0" (3048mm)) and door heights (e.g., 10'-0" (3048mm), 10'-0" (3048mm)). A note at the top right states: "ALL DIMENSIONS, ELEVATIONS AND HEIGHTS ARE BASED ON FIVE (5) APPROX. SURVEY INFORMATION. ACTUALS OR CONDITIONS MAY VARY."
