

**SITE PLAN CONTROL APPLICATION
SITE PLAN APPROVAL REPORT
PLANNING, DEVELOPMENT AND BUILDING SERVICES DEPARTMENT**

Site Location: 4405 and 4409 Innes Road

File No.: D07-12-25-0099

Date of Application: 15 October 2025

This SITE PLAN CONTROL application submitted by Mark Janczarski, on behalf of 1000772034 Ontario Inc, is APPROVED upon resolution of the conditions stated in this report.

And subject to the following Requirements, General and Special Conditions:

REQUIREMENTS

1. The Owner shall submit a certificate of insurance in a form satisfactory to the City. The certificate of insurance must be issued in favor of the City of Ottawa in an amount not less than five million dollars per occurrence, must contain an endorsement naming the City as an additional insured and an unconditional thirty days notice of any material change or cancellation of the policy.

GENERAL CONDITIONS

1. **Lapsing of Approval**

The Owner shall enter into a Letter of Undertaking, including all standard and special conditions, financial and otherwise, as required by the City. In the event that the Owner fails to sign this Letter of Undertaking, complete the conditions to be satisfied prior to the signing of this Letter of Undertaking, and have the corresponding building permit(s) issued within three (3) years of Site Plan approval, the approval shall lapse.

2. **Barrier Curbs**

The Owner acknowledges and agrees that the parking areas and entrances shall have barrier curbs and shall be constructed in accordance with the drawings of a design professional, such drawings to be approved by the General Manager, Planning, Development and Building Services.

3. **Water Supply for Fire Fighting**

The Owner shall provide adequate water supply for fire fighting for every building. Water supplies may be provided from a public water works system, automatic fire pumps, pressure tanks or gravity tanks.

4. **Reinstatement of City Property**

The Owner shall reinstate, at its expense and to the satisfaction of the General Manager, Planning, Development and Building Services, any property of the City, including, but not limited to, sidewalks, curbs and boulevards, which is damaged as a result of the subject development.

5. **Construction Fencing**

The Owner acknowledges and agrees to install construction fencing, at its expense, in such a location as may be determined by the General Manager, Planning, Development and Building Services.

6. **Extend Internal Walkway**

The Owner shall extend internal walkways beyond the limits of the subject lands to connect to existing or proposed public sidewalks, at the sole expense of the Owner, to the satisfaction of the General Manager, Planning, Development and Building Services.

7. **Completion of Works**

The Owner acknowledges and agrees that no new building will be occupied on the lands until all requirements with respect to completion of the Works as identified in this Agreement have been carried out and received Approval by the General Manager, Planning, Development and Building Services, including the installation of municipal numbering provided in a permanent location visible during both day and night and the installation of any street name sign on relevant streets. Notwithstanding the non-completion of the foregoing Works, occupancy of a lot or structure may otherwise be permitted, if in the sole opinion of the General Manager, Planning, Development and Building Services, the aforesaid Works are proceeding satisfactorily toward completion. The Owner shall obtain the prior consent of the General Manager, Planning, Development and Building Services for such occupancy in writing.

Until all requirements with respect to completion of the Works as identified in this Agreement have been carried out and received Approval by the General Manager, Planning, Development and Building Services, the Owner shall give notice to the City of a proposed conveyance of title to any building at least thirty (30) days prior to any such conveyance. No conveyance of title to any building shall be effective unless the Owner has complied with this provision.

Nothing in this clause shall be construed as prohibiting or preventing the approval of a consent for severance and conveyance for the purposes of obtaining financing.

8. **Development Charges**

The Owner shall pay development charges to the City in accordance with the by laws of the City.

9. **Update to Plans and Studies**

The Owner acknowledges and agrees, prior to Execution of the Letter of undertaking or issuance of a Commence Work Notification, to update the Site Plan, Landscape Plan, all associated engineering drawings and to address the comments from the formal review communicated in the meeting held on January 12, 2026, to the satisfaction of the General Manager, Planning, Development and Building Services Department. The Owner further acknowledges and agrees to provide all revised plans to the General Manager, Planning, Development and Building Services Department prior to execution of the letter of undertaking or the issuance of a Commence Work Notification.

10. **Demolition Permit**

The Owner acknowledges and agrees to obtain a Demolition Permit for the dwelling/building currently located on the property, and to remove said dwelling/building. A Demolition Permit shall not be issued prior to the payment of any applicable fees and securities, and any other requirements specified below to the satisfaction of the General Manager, Planning, Development and Building Services.

11. **Permits**

The Owner shall obtain such permits as may be required from municipal or provincial authorities and shall file copies thereof with the General Manager, Planning, Development and Building Services.

SPECIAL CONDITIONS

12. **Professional Engineering Inspection**

The Owner shall have competent Professional Engineering inspection personnel on-site during the period of construction, to supervise the Works, and the General Manager, Planning, Development and Building Services Department, shall have the right at all times to inspect the installation of the Works. The Owner acknowledges and agrees that should it be found in the sole opinion of the General Manager, Planning, Development and Building Services Department, that such personnel are not on-site or are incompetent in the performance of their duties, or that the said Works are not being carried out in accordance with the approved plans or specifications and in accordance with good engineering practice, then the General Manager, Planning, Development and Building Services Department, may order all Work in the project to be stopped, altered, retested or changed to the satisfaction of the General Manager, Planning, Development and Building Services Department.

13. **Signage**

The Owner acknowledges and agrees that it is responsible for all costs associated with implementation of the “No Left Turn” signage required to accommodate this development, as identified in the Site Plan referenced in Schedule “E” hereto.

14. **Private Approach Detail**

The Owner acknowledges and agrees that all private approaches serving the proposed development shall be designed and constructed, at the sole expense of the Owner, in accordance with the City’s “Curb Return Entrances – Uncontrolled Intersections” Plan, Drawing No. SC7.1, dated March 2007 and revised March 2021, and the Owner shall comply with the City’s Private Approach By-law, being No. 2003-447, as amended.

15. **Transit Pads and Shelters**

The Owner shall locate, design and construct, at no cost to the City, a concrete shelter pad to the specifications of the City, as identified in the Site Plan referenced in Schedule “E” hereto

16. **Vibration Monitoring**

The Owner agrees and acknowledges that prior to commencing site alteration or construction that vibration monitoring shall be undertaken by a Professional Engineer licensed in the province of Ontario. Vibration levels shall not exceed those determined by the City and Province to cause damage to adjacent buildings and structures. The Owner may consider offering pre-construction surveys to adjacent/abutting properties, to validate damage claims or indemnify and save harmless. The Owner agrees to maintain vibration monitoring records during construction, which shall be made available to the General Manager, Planning, Development and Building Services upon request. The Owner agrees and acknowledges that the City shall be indemnified from any damage claims resulting from construction activities.”

17. **Geotechnical Investigation**

The Owner acknowledges and agrees that it shall retain the services of a geotechnical engineer, licensed in the Province of Ontario, to ensure that the recommendations of the Geotechnical Investigation Update (the “Report”), referenced in Schedule “E” herein, are fully implemented. The Owner further acknowledges and agrees that it shall provide the General Manager, Planning, Development and Building Services with confirmation issued by the geotechnical engineer that the Owner has complied with all recommendations and provisions of the Report, prior to construction of the foundation and at the completion of the Works, which confirmation shall be to the satisfaction of the General Manager, Planning, Development and Building Services.

18. **Stormwater Management Memorandum**

Prior to registration of this Agreement, the Owner acknowledges and agrees to provide the General Manager, Planning, Development and Building Services, with a memorandum prepared by a Professional Engineer, licensed in the Province of Ontario, confirming that the designed roof-top scuppers and associated spill point elevations will be set equivalent to the top of the control weir of the approved roof drain elevation(s). The Owner further acknowledges and agrees that said memorandum shall be to the satisfaction of the General Manager, Planning, Development and Building Services, and all associated costs shall be the Owner's responsibility.

19. **Stormwater Works Certification**

Upon completion of all stormwater management Works, the Owner acknowledges and agrees to retain the services of a Professional Engineer, licensed in the Province of Ontario, to ensure that all measures have been implemented in conformity with the approved Plans and Reports, referenced in Schedule "E" herein. The Owner further acknowledges and agrees to provide the General Manager, Planning, Development and Building Services with certificates of compliance issued by a Professional Engineer, licensed in the Province of Ontario, confirming that all recommendations and provisions have been implemented in accordance with the approved Plans and Reports referenced in Schedule "E" herein.

20. **Inlet Control Devices (ICDs)**

The Owner acknowledges and agrees to install and maintain in good working order the required roof-top and in-ground stormwater inlet control devices, as recommended in the approved Site Servicing and Stormwater Management Report, referenced in Schedule "E" herein. The Owner further acknowledges and agrees it shall assume all maintenance and replacement responsibilities in perpetuity. The Owner shall keep all records of inspection and maintenance in perpetuity and shall provide said records to the City upon its request.

21. **Water Plant**

The Owner acknowledges and agrees that the water plant within the lands is a private watermain. The Owner further acknowledges and agrees that the private watermain and appurtenances thereto are to be maintained by the Owner at its own expense, in perpetuity. The Owner performing maintenance on critical infrastructure, such as private watermains and private fire hydrants, shall maintain adequate records as proof of having done so in accordance with applicable regulations, and that the records shall be retained for review by the City and or the Ottawa Fire Services when requested.

22. **Private Storm Sewer Connection to City Sewer System**

The Owner acknowledges and agrees that any new storm sewers to be installed as part of this development shall not be connected to the City's existing storm sewer system until such time as either:

a certificate of conformance and As-built Drawings have been received from a Professional Engineer, licensed in the Province of Ontario, certifying that all required inlet control devices have been properly installed to City Standards or Specifications, and that the storm sewer system has been installed in accordance with the approved engineering drawings for site development and City Sewer Design Guidelines. The inlet control devices shall be free of any debris; or

a flow limiting orifice plate, designed by a Professional Engineer licensed in the Province of Ontario and to the satisfaction of the City, has been installed at the storm water outlet prior to connecting any upstream storm sewers. Such orifice plate shall not be removed until subsection (a) above has been satisfied and approved by the General Manager, Planning, Development and Building Services.

23. Site Lighting Certificate

In addition to the requirements contained in Clause 19 of Schedule "C" hereto, the Owner acknowledges and agrees, prior to the issuance of a building permit, to provide the City with a certificate from an acceptable professional engineer, licensed in the Province of Ontario, which certificate shall state that the exterior site lighting has been designed to meet the following criteria:

- it must be designed using only fixtures that meet the criteria for full cut-off (sharp cut-off) classification, as recognized by the Illuminating Engineering Society of North America (IESNA or IES); and
- it must result in minimal light spillage onto adjacent properties. As a guideline, 0.5 fc is normally the maximum allowable spillage.

The Owner acknowledges and agrees that, upon completion of the lighting Works and prior to the City releasing any associated securities, the Owner shall provide certification satisfactory to the General Manager, Planning, Development and Building Services, from a Professional Engineer, licensed in the Province of Ontario, that the site lighting has been constructed in accordance with the Owner's approved design plan.

24. Board on Board Fence

The Owner agrees that they will erect a 1.80-metre-tall opaque fence along any shared residential property line where there is no mature hedge. The Owner further agrees that, if the hedge is removed or no longer provides visual obstruction, the 1.80-metre-tall privacy fence will be continued along the remainder of the property line.

25. Waste Collection

The Owner acknowledges and agrees that garbage, recycling, and organic waste collection will not be provided by the City and it shall make appropriate arrangements with a private contractor for garbage, recycling, and organic waste collection at the Owner's sole expense. The Owner shall consult a private contractor

regarding any access requirements for garbage and/or recycling and organic waste collection.

26. **Parkland Dedication**

The Owner covenants and agrees that the conveyance requirement has been calculated at the rate set out below in accordance with the Parkland Dedication By-law, being By-law No. 2022-280, as amended:

For conveyance of parkland, cash-in-lieu of conveyance parkland, or combination thereof:

- 2% of the gross land area (commercial & industrial uses).

27. **Cash-In-Lieu of Conveyance of Parkland**

Prior to the issuance of the occupancy permit, the owner acknowledges and agrees to pay cash-in-lieu of conveyance of parkland, in the amount of \$31,000, as referenced in Schedule "B" herein, Pursuant to the City's Parkland Dedication By-law, being By-law No. 2022-280, as amended, 40% of said funds collected shall be directed to City wide funds (Account 830015), and 60% shall be directed to Ward 1 funds (Account 830290).

Prior to building permit issuance, the Owner shall also pay the parkland appraisal fee of \$850.00 plus H.S.T. of \$110.50, as referenced in Schedule "B" herein.

28. **Rideau Valley Conservation Authority**

The Owner acknowledges and agrees to obtain any required approvals and/or permits from the Rideau Valley Conservation Authority prior to the commencement of site works. The Owner acknowledges and agrees to file copies of such approvals and/or permits with the General Manager, Planning, Development and Building Services.

29. **Works on City Road Allowances**

Any Works required to be done by the Owner on City road allowances shall be according to the specifications and by-laws of the City. The Owner, or its contractor, shall be required to obtain all the necessary permits for road cuts prior to the disruption of the City road allowance and it is further understood and agreed that the aforementioned cuts shall be reinstated to the satisfaction of the Director, Infrastructure Services.

30. **Video Examination**

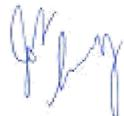

Video examination of storm and sanitary sewers 200mm or larger in diameter shall be required by the General Manager, Planning, Development and Building Services, at the Owner's expense, before final Acceptance or Approval of the Works.

31. **Testing**

The Owner may be required by the City to perform qualitative and quantitative testing, at the Owner's expense, of any materials which have been or are proposed to be used in the construction of any of the Works required by this Agreement to determine whether they are in conformity with applicable standards as determined by the General Manager, Planning, Development and Building Services.

32. **Provision of As-Built Drawings**

The Owner shall supply to the General Manager, Planning, Development and Building Services, one set of mylar or plastic film as-constructed road, grading and service drawings including the location of all Works, certified under seal by a Professional Engineer, licensed in the Province of Ontario, for City records upon Acceptance and Approval of the Works. Furthermore, the Owner shall provide the As-built Drawings and the attribute data for the Works in a form that is compatible with the City's computerized systems.

Enclosure: Site Plan Control Application approval – Supporting Information

SITE PLAN CONTROL APPROVAL APPLICATION SUPPORTING INFORMATION

File Number: D07-12-25-0099

SITE LOCATION

4405 and 4409 Innes Road, and as shown on Document 1.

SYNOPSIS OF APPLICATION

A Site Plan Control application to replace the existing buildings on site with a 2-storey commercial medical facility with a total gross floor area of 1115 square metres.

The site is on the north side of Innes Road, near its intersection with Tenth Line Road, and is approximately 2469 square metres. The abutting land uses include low rise residential to the north and east, along with commercial to the south and west. Originally two parcels, the site currently contains a single storey dwelling and a frame shed.

This Site Plan Control application has been submitted to accommodate the redevelopment of the site with a 2-storey commercial medical facility. The proposal includes 34 vehicle parking spaces, 9 spaces on the east side of the site and 25 space on the west side, along with a one-way vehicular route around the building and 3 bicycle spaces.

DECISION AND RATIONALE

This application is approved for the following reasons:

- The site is designated Mainstreet Corridor in the Suburban Transect and the redevelopment proposal is in compliance with the Official Plan, as supported by the following policies:
 - Per Section 5.4.1 of the Official Plan, this development “[recognizes] a suburban pattern of built form and site design while supporting an evolution towards 15-minute neighbourhoods”
 - Per Section 5.4.3 of the Official Plan,
 - “3) Along Mainstreet Corridors, permitted building heights, except where a secondary plan or area-specific policy specifies different heights and subject to appropriate height transitions, stepbacks and

angular planes, maximum building heights as follows: a) Generally, not less than 2 storeys and up to 9 storeys except where a secondary plan or area-specific policy specifies greater heights”

- Per Section 6.2.1 of the Official Plan,
 - “2) Development within the Corridor designation shall establish buildings that locate the maximum permitted building heights and highest densities close to the Corridor, subject to building stepbacks where appropriate. Further, development: a) Shall ensure appropriate transitions in height, use of land, site design and development character through the site, to where the Corridor designation meets abutting designations”
- The site is zoned GM21[1427] F(0.5) H(9) and the redevelopment proposal is in compliance with the permitted land uses and performance standards of the Zoning By-law.
- The proposed redevelopment is consistent with minimum planning standards.

PARKLAND DEDICATION

Parkland dedication, in accordance with By-law 2022-280, is being satisfied within this approval through the taking of cash-in-lieu of parkland as detailed in the above conditions.

CONSULTATION DETAILS

Councillor's Comments

Councillor Matthew Luloff indicated the following comments:

I recognize that this proposal represents exactly the kind of investment Orléans needs at this time. As our community continues to grow, access to healthcare remains one of the most significant challenges facing residents. Many families are still struggling to find family physicians and timely, local care. The establishment of a new Urgent Health Care Clinic with attached family medical practices, together with IDEAL Pharmacy and related medical services in a two-storey building, will meaningfully expand access to primary and allied healthcare close to home.

I am pleased to support this application, as it builds much-needed capacity within our local healthcare system. The addition of new medical spaces will help relieve pressure on existing clinics and hospitals while providing residents with greater confidence that care is available within their own community. This proposal represents a concrete step toward addressing the shortage of primary care options in Orléans.

At the same time, I appreciate and respect the concerns raised by nearby residents, particularly with respect to parking and potential traffic pressures associated with the site. I acknowledge IDEAL Health Group's commitment to implementing an online waiting room system as a measure to help manage on-site demand and mitigate parking impacts, and I encourage the continued exploration of strategies that minimize disruption to the surrounding neighbourhood.

I have also requested that the proponent ensure services and on-site signage are provided in both English and French in order to reflect and better serve the bilingual nature of our community.

I look forward to continuing to work with IDEAL Health Group, City staff, and local residents as this application moves forward to ensure the project improves access to healthcare while remaining sensitive to neighbourhood conditions.

Public Comments

This application was not subject to public circulation under the Public Notification and Consultation Policy. There were public comments received online and staff considered these comments.

Technical Agency/Public Body Comments

Summary of Comments –Technical

Telus Communications:

Telus has an underground structure in the proposed route as shown in proposed drawings, maintain minimum standard horizontal and vertical clearances as indicated in the proposed document. Consent is effective for a period of One-Year from the date listed above [November 6, 2025]. If the location of your proposed design changes, it will be necessary to re-apply.

Canada Post:

Will be served at a near-by community mailbox.
