Re: Tree Survey – 530 Tremblay Road, Ottawa

Dear Mike,

As per your request earlier this week I surveyed the entire 3-acre portion of the above noted property for butternut trees (*Juglans cinerea*). Butternuts are listed as endangered under the Province of Ontario's Endangered Species Act (ESA). As such the presence of all trees must be confirmed prior to the site being cleared in anticipation of development.

After an extensive search I can confirm that no such trees were found on the subject property.

Please do not hesitate to contact me if you have any questions concerning this report.

Regards,

Andrew Boyd
