Re: Concurrence with Report Entitled, "Stage 1 & 2 Archaeological Assessment, Ontario Realty Corporation, 530 Tremblay Road, City of Ottawa, R.M. of Ottawa-Carleton", MCL File 06OR002

Dear Mr. Timmins:

This Ministry has reviewed the above entitled report prepared by your firm (Licence/PIF# P118-084-2007). The report details the assessment of 6.7 hectares of land and notes that nothing of archaeological significance was documented during the assessment. Consequently, it is recommended that the subject property be considered clear of further archaeological concern. This Ministry concurs with this recommendation.

Given the above, this Ministry is satisfied that Provincial concerns for archaeological resources have been met for those lands identified as being assessed within Figure 17 of the above-entitled report.

If deeply buried cultural remains, including human remains, are discovered during construction activities, this office should be notified immediately.

Should you have any further questions regarding the above, please do not hesitate to contact me.

Sincerely,

Daniela Cortinovis
A/ Archaeology Review Officer
