THREE (3) NEW WAREHOUSES  
OUR PROJECT NO. 2020-645**

Dear Sir:

We have designed the site lighting for three (3) new one (1) storey warehouses, located at 2935 Conroy Road, in accordance with the following guidelines as requested by the City of Ottawa:

1. It must be designed using only fixtures that meet the criteria for Full Cut-Off (Sharp cut-off) Classification, as recognized by the Illuminating Engineering Society of North America (IESNA or IES), and;
2. It must result in minimal light spillage onto adjacent properties. As a guideline, 0.5 fc is normally the maximum allowable spillage.

Yours very truly,
