2.0 OFFICIAL PLAN

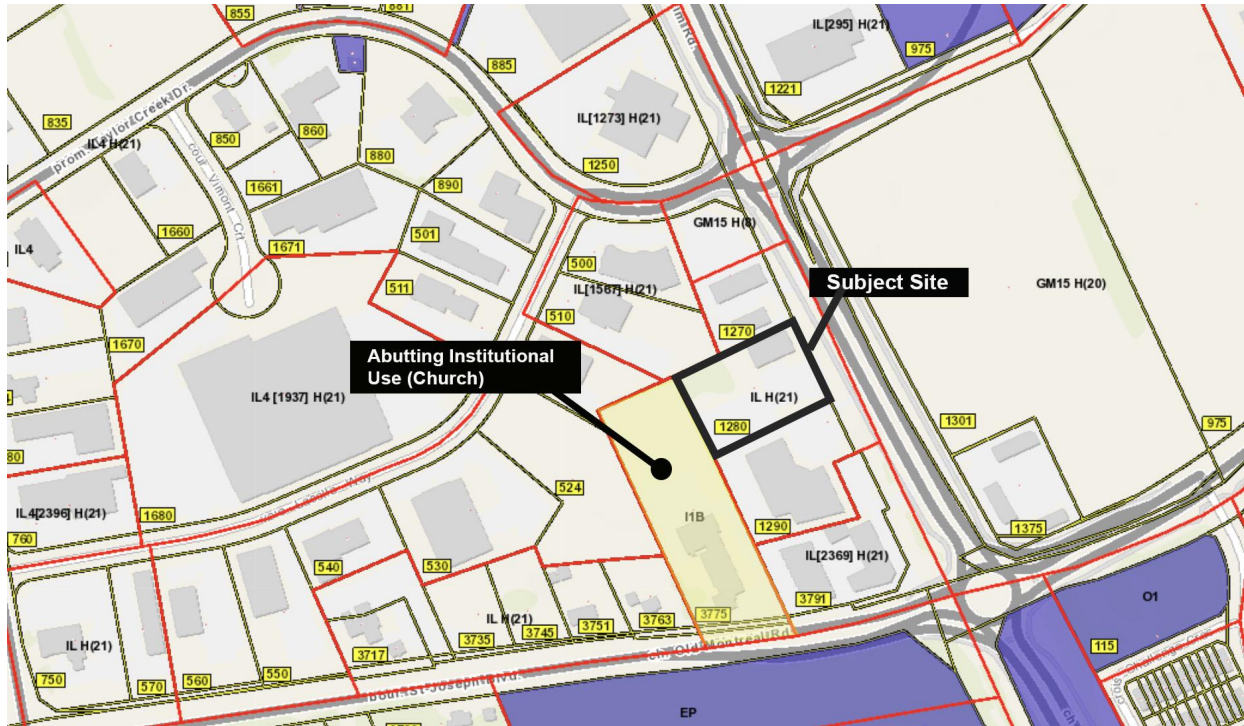

Designation: *Minor Corridor in Suburban East Transect*

The City of Ottawa Official Plan was approved by City Council on November 24th, 2021 and received approval from the Ministry of Municipal Affairs and Housing on November 4th, 2022.

3.0 ZONING REVIEW

The subject site is currently zoned as **IL H(21) – Light Industrial Zone, site specific height maximum of 21 metres**. The Light Industrial zone permits a wide range of low-impact industrial uses with a mix of office space, recreational, personal service business, convenience, automobile services and services that cater to the employees of the light industrial area and to the passing public.

3.1 Use Permissions

The subject site permits a variety of uses under the IL category, including the uses proposed being: drive-through facility, medical facility, office, automobile service station, personal service business, restaurant.

PROPOSED USES PERMITTED

4.0 PERFORMANCE STANDARD REVIEW

The following table reviews the applicable site performance standards against the proposed development. Any non-compliance items are noted in red and bolded.

Note: Personal Service Business requires 3.4 spaces per 100 square metres whereas office space requires 2.4 spaces per 100 square metres. The former was selected because the ultimate tenancies are not known and it is entirely feasible that all remaining units may be Personal Service Business.

Current Gross Floor Areas:

Automobile Service Use: 646.1 m² (1 unit)

Personal Service Business / Office: 516 m² (4 units)

Restaurant: 314.3 m² (2 units)
