C. Comments/Calculations:

Amend *Zoning By-law 2008-250* as per the Suggested Zoning figure below:

- *Rural Countryside – RU to Rural Commercial – RC.*
- *Rural Countryside – RU to Parks and Open Space, Subzone R – O1R.*
- Based on the revised Hydrogeological Study Report prepared by Englobe dated February 2025, the report states that the proposed zoning could proceed with less sensitive land uses where they do not rely on potable water supply. Subject to further discussions with City staff, the *Rural Commercial – RC* land uses could be limited to artist studio, automobile rental establishment, automobile dealership, automobile service station, gas bar, heavy equipment and vehicle sales, rental and servicing, kennel, retail food store, limited to a farmers' market, retail store, storefront industry, and warehouse.
