MINOR ZONING BY-LAW AMENDMENT APPLICATION SUPPORTING INFORMATION

File Number: D02-02-26-0007

SITE LOCATION

2950 & 2956 Harbison Road, located south of Harbison Road between the Malakoff Road and Proven Line Road intersections, and as shown on Document 1.

SYNOPSIS OF APPLICATION

The Zoning By-law Amendment application has been submitted to fulfill Consent Application D08-01-25/B-00248 granted on December 19, 2025. This rezoning is to satisfy Condition 1 of the Consent to Sever application to ensure that residential development is prohibited on the retained farm parcel. The intention of these conditions is to protect agricultural lands on the property by restricting residential development as per the Provincial Planning Statement and Official Plan for surplus farm dwelling severances.

The Zoning By-law Amendment application is also requesting a reduction in lot frontage for 2950 Harbison Road. The requested minimum lot width for 2950 Harbison Road will be reduced from 60 metres to 0 metres. This change is to reflect that the road allowance between Paauw Road and Malakoff is not constructed and open. To account for the lot not currently having frontage on a public roadway, an additional provision will be added to the zoning exception that prohibits development on the lot before Paauw Road is extended. Existing agricultural uses may continue without issue.

No development or changes in access are proposed for the site.

DECISION AND RATIONALE

This application is approved for the following reasons:

- The requested amendment is consistent with the Provincial Planning Statement 2024;
- The proposal conforms to the City of Ottawa's Official Plan, particularly the policies in section 9.1.3 – Protect farmland from uses that would impede productive farming operations as they relate to surplus farm dwelling severances.
