Hi Joey,

Thanks for your services. We will definitely trim all heavy branches before the truck come.

Thank you,

Morning Edwin. Based on the site visit we completed yesterday, we would be able to service with our side or rear load. The only concern would be the heavy branches sticking out towards the laneway and would request they be trimmed is possible.

Thank you

Hello Joey,

It was nice to see you yesterday. As per our visit to 29 Russell and the emails below, can you please send us a letter stating the service you will be able to provide to this location? We need the letter by tomorrow please.

Thank you,

**Edwin Dyer**

Hi Edwin,

Following up on this. I need the written confirmation no later than Monday, July 24, because we need to resubmit all responses to city's Planning Committee next week.

No need to have complicated letter. Just a few sentences describing confirmation will be enough.

Thank you very much!!

Hi Rowland and Edwin,

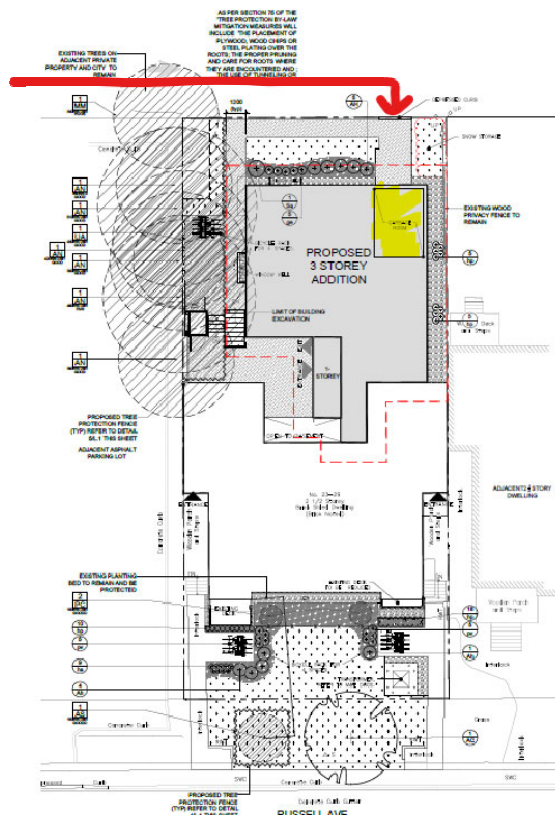

We are in the process of Site Plan Application of 29 Russell. We recently received the 3<sup>rd</sup> comments from the city.

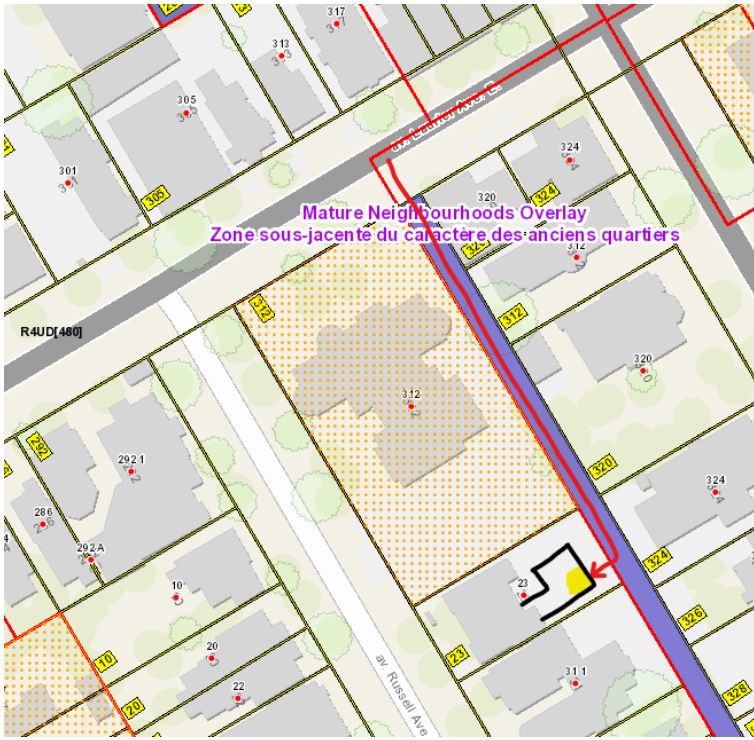

The city requires some writing confirmation about garbage collection.

“29 Russell will need private collection. Please reach out to the private waste storage company and confirm if their trucks can access the laneway for garbage collection. A written confirmation is required.”

Can you please reach out a potential garbage collection company to ask their confirmation?

I have attached the site plan to show the location of the garbage room. The truck needs to come from Laurier Ave. and enter from the back of the building.

Thank you,

**Corey Kou**
